

# YOUR GOOD HEALTH FOR 2012

With a personalised health screen you'll have the insight you need to positively manage your health and well-being this year.

**T**he New Year is a key time to make lifestyle changes and a professional health screen offers the perfect opportunity to discuss your concerns with a highly experienced medical practitioner and to find out how your body copes with the day-to-day challenges of modern life.

Conveniently and discreetly located in the village of Whalley, with easy access and parking, Health Business Ltd has combined the 25 years of medical expertise of Dr David Andrews with a tailor-made, flexible approach to create a series of health screening options, designed to suit a spectrum of budgets.

Whether you opt for a bespoke package or the carefully devised Health Check, Standard Health Screen or Executive Health Screen packages, Health Business will explore your current health and lifestyle

choices, spot potential health risk factors, discuss any concerns or issues you may have, provide an in-depth review of your health and offer professional, tailored advice on how you can improve your overall well-being.

Dr David Andrews has been carrying out health screening for over 20 years. In the past he has been closely involved in the development of the Health Screening services for private hospitals in the local area. Known for his professional and reassuring manner, he works alongside a team of experienced nurses to perform health screens which include:

- Blood pressure testing
- Urine analysis
- Lung function testing
- Hearing and vision testing
- Aerobic fitness

## SPECIAL NEW YEAR OFFER!
